Independent Auditor's Report

Honorable Mayor and City Council
City of Dillingham, Alaska
Dillingham, Alaska

Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dillingham, Alaska as of and for the year ended June 30, 2020 and the related notes to the financial statements, which collectively comprise the City of Dillingham, Alaska's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dillingham, Alaska, as of June 30, 2020, and the respective changes in financial position for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Public Employees' Retirement system Schedules on pages 38-41 and the Budgetary Comparison Schedule on page 42, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the basic financial statements. Such missing information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. Our opinion on the basic financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dillingham, Alaska's basic financial statements. The information listed in the table of contents as "Additional Supplementary Information," which includes the combining statements and schedules, individual major and non-major funds budget to actual schedules (where applicable), schedules of revenues, expenditures and changes in fund balance and the Schedule of Expenditures of Federal Awards and related notes, as Required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards; Schedule of State Financial Assistance and related notes are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of State Financial Assistance is presented as required by the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, and are also not a required part of the basic financial statements.

Honorable Mayor and City Council
City of Dillingham, Alaska

The Additional Supplementary Information listed above is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Additional Supplementary Information listed above is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

We also have previously audited, in accordance with auditing standards generally accepted in the United States of America, the City of Dillingham, Alaska basic financial statements for the year ended June 30, 2019 (not presented herein) and have issued our reported dated March 6, 2020, which are not presented with the accompanying financial statements and we expressed unmodified opinions on the respective financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information. That audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the City of Dillingham, Alaska's basic financial statements as a whole. The combining statements and schedules, individual major and non-major funds budget to actual schedules and the schedule of revenues, expenditures and changes in fund balance for the year ended June 30, 2019, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the June 30, 2019 basic financial statements. The information has been subjected to the auditing procedures applied in the audit of those basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the June 30, 2019 combining statements and schedules, individual major and non-major funds budget to actuals are fairly stated in all material respects in relation to the basic financial statements as a whole for the year ended June 30, 2019.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated June 3, 2021, on our consideration of the City of Dillingham, Alaska's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the City of Dillingham, Alaska's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the City of Dillingham, Alaska's internal control over financial reporting and compliance.

Reconciliation of Governmental Funds Balance Sheet
to Statement of Net Position

June 30, 2020

Total fund balances for governmental funds		\$	12,916,263
Total net position reported for governmental activities in the Statement of Net Position is different because:			
Capital assets used in governmental activities are not financial resources and therefore are not reported in the funds. These assets, net of accumulated depreciation, consist of:			
Land and land improvements	\$	4,862,446	
Construction in progress		3,290,942	
Buildings		24,984,037	
Improvements other than buildings		37,476,903	
Machinery and equipment		<u>11,774,756</u>	
Total capital assets		82,389,084	
Less accumulated depreciation		<u>(33,581,815)</u>	
Total capital assets, net of accumulated depreciation			48,807,269
Other long-term assets are not available to pay for current period expenditures and therefore are deferred in the funds. This is the amount of delinquent real property taxes and user receivables			
			431,707
Long-term liabilities are not due and payable in the current period and therefore are not reported as fund liabilities. These liabilities consist of:			
General obligation bonds	\$	(10,435,673)	
Unamortized bond premium		(1,448,144)	
Capital leases		(774,154)	
Accrued leave		(221,121)	
Landfill closure costs		<u>(535,488)</u>	
Total long-term liabilities			(13,414,580)
Proportionate share of the collective net pension liability:			
PERS			(4,767,407)
Proportionate share of the collective OPEB asset:			
PERS			49,522
Deferred inflows and outflows of resources are the results of timing differences in the actuarial report.			
Pension related assets in the current fiscal year are presented as deferred outflows of resources:			
PERS			881,414
Pension related liabilities in the current fiscal year are presented as deferred inflows of resources:			
PERS			<u>(528,412)</u>
Total net position of governmental activities		\$	<u>44,375,776</u>

CITY OF DILLINGHAM, ALASKA

Reconciliation of Governmental Funds Balance Sheet
to Statement of Activities

Year Ended June 30, 2020

Net change in fund balances - total governmental funds	\$	1,407,812
--	----	-----------

The change in net position reported for governmental activities in the Statement of Activities is different because:

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Change in unfunded pension liabilities and assets	1,151,040
---	-----------

Changes in deferred inflows and outflows of resources are the results of timing differences in the actuarial report and adjustments to reflect employer and non-employer contributions based on the measurement date of the liability.	(1,212)
--	---------

Governmental funds report capital outlays as expenditures. However, in the Statement of Activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense.

Capital outlay	\$	1,796,686	
Depreciation expense		<u>(2,421,339)</u>	(624,653)

Governmental funds only report the disposal of assets to the extent proceeds are received from the sale. In the Statement of activities, a gain or loss is reported for each disposal. The net affect of transactions involving capital assets is to decrease net position.	(4,669)
---	---------

Revenues in the Statement of Activities that do not provide current financial resources are not reported as revenues in the funds. This is the amount of the increase in delinquent real property taxes and dock receivable.	(86,409)
--	----------

The change in the estimated future landfill closure costs does not require the use of current financial resources and therefore is not reported as expenditures in governmental funds.	(104,206)
--	-----------

The issuance of long-term debt provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net position. Also, governmental funds report the effect of premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the Statement of Activities.

Issuance of debt	\$	(35,673)	
Principal paid on bonds		815,000	
Payments on capital leases		134,098	
Amortized bond premium		<u>156,310</u>	1,069,735

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds. This is the amount of the decrease in accrued leave.	<u>(35,597)</u>
--	-----------------

Change in net position of governmental activities	\$	<u><u>2,771,841</u></u>
---	----	-------------------------

The notes to the financial statements are an integral part of this statement.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements

June 30, 2020

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The City of Dillingham, Alaska (the City) was incorporated in 1972 as a first class city and operates under a Council-Manager form of government. The City provides a variety of services including water, sewer, dock and port facilities, landfill, police and fire protection, street maintenance, services for senior citizens and general administrative services.

As required by generally accepted accounting principles, these financial statements present City of Dillingham, Alaska (the primary government) and its component unit, Dillingham City School District. The School District is included in the City's reporting entity because of the significance of its operational or financial relationships with the City.

The component unit column in the basic financial statements includes the financial data of the School District. It is discretely presented in a separate column to emphasize that it is legally separate from the City. Dillingham City School District is responsible for elementary and secondary education within the City. The members of the School Board are elected by the voters; however, the School District is fiscally dependent upon the City because the City Council approves the total annual budget of the School District, levies the necessary taxes, and approves the issuance of bonds for school projects.

Complete financial statements of the component unit can be obtained from the administrative office of the Dillingham City School District at P.O. Box 170, Dillingham, Alaska, 99576-0170.

B. Government-Wide and Fund Financial Statements

The Government-Wide Financial Statements (i.e., the Statement of Net Position and the Statement of Activities) report information on all of the activities of the City and its component unit. For the most part, the effect of interfund activity has been removed from these statements. *Governmental activities*, which normally are supported by taxes and intergovernmental revenues, are reported separately from *business-type activities*, which rely to a significant extent on fees and charges for support. The City does not presently have any business-type activities. The Statement of Activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. *Direct expenses* are those that are clearly identifiable with a specific function or segment. *Program revenues* include 1) charges to customers who purchase, use or directly benefit from goods or services provided by a given function or department and 2) grants and contributions that are restricted to meeting the operations or capital requirements of a particular function or department. Other items not properly included among program revenues are reported instead as *general revenues*.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the Fund Financial Statements.

C. Measurement Focus, Basis of Accounting and Basis of Presentation

The government-wide financial statements are reported using the *economic resources measurement focus* and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of the related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Governmental fund financial statements are reported using the *current financial resources measurement focus* and the *modified accrual basis of accounting*. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be *available* when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the City considers all revenues, except reimbursement grants, to be available if they are collected within 60 days after year end. Reimbursement grants are considered available if they are collected within one year of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting. However, debt service expenditures, as well as expenditures related to compensated absences, are recorded only to the extent they have matured.

Property taxes, sales taxes, charges for services, and interest associated with the current fiscal period are all considered to be susceptible to accrual and so have been recognized as revenues of the current fiscal period. All other revenue items are considered to be measurable and available only when received by the government.

The City reports the following major governmental funds:

The *General Fund* is the primary operating fund of the City. It accounts for all financial resources of the City, except those reported to be accounted for in another fund.

The *Roads Capital Project Fund* accounts for the capital grants association with projects to improve roads that was funded by Series One & Two 2019 Bond.

The *Planning Capital Project Fund* accounts for capital grants associated with general planning projects.

The *Debt Service Fund* accounts for the accumulation of monies for payments of the General Obligation School Bonds. Servicing of this debt requires various annual and semi-annual payments of principal and interest. Financing is provided by the State of Alaska debt reimbursement program, and transfers, determined annually by budget from the General Fund.

Amounts reported as *program revenues* include 1) charges to customers or applicants for goods, services, or privileges provided, 2) operating grants and contributions, and 3) capital grants and contributions. Internally dedicated resources are reported as *general revenues* rather than as program revenues. In addition, general revenues include all taxes, investment income, and State of Alaska entitlement revenues.

D. Capital Assets

Capital assets, which include property, plant, equipment and infrastructure assets (e.g. roads and similar items), are reported in the governmental activities column in the government-wide financial statements. Capital assets are defined by the City as assets with an initial, individual cost of more than \$5,000 and an estimated useful life in excess of one year. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of the donation.

Major outlays for capital assets and improvements are capitalized as projects are constructed. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend the useful life of the asset are not capitalized.

Property, plant, and equipment of the City is depreciated using the straight line method over the following estimated useful lives:

Buildings and improvements	15-75 years
Infrastructure	10-50 years
Machinery and equipment	5-40 years

E. Long-Term Debt

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the statement of net position. In the fund financial statements, governmental fund types recognize principal and interest payments made during the current period. The face amount of the debt issued plus any bond premium, are reported as other financing sources.

F. Property Taxes

Property taxes are levied as of July 1 on property values assessed as of January 1. The tax levy is payable in two installments due on the first business day of November, and the first business day of December. The taxes are considered past due after the respective tax billing due date at which time the applicable property is subject to lien and penalties and interest are assessed on the total tax liability.

G. Prepaid Items

Certain payments to vendors reflect costs applicable to future accounting periods and are recorded as prepaid items.

H. Grants and Other Intergovernmental Revenues

In applying the measurable and available concepts to grants and intergovernmental revenues, the legal and contractual requirements of the numerous individual programs are used as guidance. There are, however, essentially two types of these revenues. In one, monies must be expended on the specific purpose or project before any amounts are considered "earned"; therefore, revenues are recognized based upon expenditures recorded. In the other, monies are virtually unrestricted as to purpose of expenditure and are usually revocable only for failure to comply with prescribed compliance requirements. These resources are reflected as revenues at the time of receipt or earlier if the measurable and available criteria are met.

I. Interfund Transactions

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. These receivables and payables are classified as "due from other funds" or "due to other funds" on the balance sheet of the Fund Financial Statements and are eliminated in the preparation of the Government-Wide Financial Statements.

J. Compensated Absences

The City allows employees to accumulate earned but unused vacation benefits. All vacation pay is accrued when incurred in the government-wide financial statements. A liability for these amounts is reported in the governmental fund financial statements only if they have matured (e.g. the employee has terminated employment).

K. Fund Balances

In the fund financial statements, governmental funds report aggregate amounts for five classifications of fund balances based on the constraints imposed on the use of these resources. The nonspendable fund balance classification includes amounts that cannot be spent because they are either (a) not in spendable form – prepaid items or inventories; or (b) legally or contractually required to be maintained intact.

The spendable portion of fund balances comprises the remaining four classifications: restricted, committed, assigned, and unassigned.

Restricted fund balance – This classification reflects the constraints imposed on resources either (a) externally by creditors, grantors, contributors, or laws or regulations of other governments; or (b) imposed by law through constitutional provisions or enabling legislation.

Committed fund balance – These amounts can only be used for specific purposes pursuant to constraints imposed by formal resolutions of the City Council – the government's highest level of decision-making authority. Those committed amounts cannot be used for any other purpose unless the City removes the specified use by taking the same type of action imposing the commitment. This classification also includes contractual obligations to the extent that existing resources in the fund have been specifically committed for use in satisfying those contractual requirements.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Assigned fund balance – This classification reflects the amounts constrained by the City’s “Intent” to be used for specific purposes, but are neither restricted nor committed. The City Council and City Manager have the authority to assign amounts to be used for specific purposes. Assigned fund balances include all remaining amounts (except negative balances) that are reported in governmental funds, other than the General Fund, that are not classified as nonspendable and are neither restricted nor committed.

Unassigned fund balance – This fund balance is the residual classification for the General Fund. It is also used to report negative fund balances in other governmental funds.

When both restricted and unrestricted resources are available for use, it is the City’s policy to use externally restricted resources first then unrestricted resources – committed, assigned, and unassigned – in order as needed.

The City’s Special Revenue Funds are used to account for public safety, community services, water and sewer, landfill, dock, boat harbor and the senior citizen center.

L. Net Position

Net position represents the difference between assets and liabilities. Net investment in capital assets, consists of capital assets, net of accumulated depreciation, reduced by the outstanding borrowings, if any, used for the acquisition, construction or improvement of those assets. Net position is reported as restricted when there are limitations imposed on its use either through external restrictions imposed by creditors, grantor or laws or regulations of other governments.

M. Encumbrances

Encumbrance accounting, under which purchase orders, contracts and other commitments for expenditures are recorded in order to reserve that portion of the applicable appropriation, is employed as an extension of formal budgetary integration in the General Fund and Special Revenue Funds. However, it is the City’s policy to cancel any outstanding purchase orders at June 30, and issue new ones in the new fiscal year.

N. Unearned Grant Revenue

Amounts received from grantor agencies, which are restricted as to use and have not been expended for the intended use are shown as unearned revenue.

O. Pension and Other Post Employment Benefits (OPEB)

For purposes of measuring the net pension and OPEB liabilities, assets, deferred outflows of resources and deferred inflows of resources related to pensions and OPEB, and pension and OPEB expense, information about the fiduciary net position of the Public Employees’ Retirement System (PERS) and additions to/from PERS’s fiduciary net position have been determined on the same basis as they are reported by PERS. For this purpose, benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms, investments are reported at fair value.

P. Comparative Data

Comparative data for the prior year have been presented in some of the accompanying financial statements in order to provide an understanding of changes in the City's financial position and operations. In addition, certain amounts from the prior year have been reclassified to conform with the current year's presentation.

II. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America for all governmental funds except the Permanent Fund, the Local Services, Asset Forfeiture and Dillingham Police Department Reward Special Revenue Funds, and capital project funds, which adopt project-length budgets. All annual appropriations lapse at the fiscal year-end.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of an ordinance.
4. The City Manager is authorized to transfer budgeted amounts within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
5. Budgeted amounts are as originally adopted or as amended by the City Council through ordinances.
6. Budgetary control is at the department level for the General Fund and at the fund level for Special Revenue Funds.

Excess of expenditures over appropriation were as follows:

Special Revenue Funds:	
Dock	\$ (1,839)
Boat harbor	\$ (44,905)
Library	\$ (5,929)

Excess of expenditures over appropriations were funded through operating transfers or available fund balance.

III. CASH AND INVESTMENTS

The City of Dillingham, Alaska utilizes a central bank account that is available for use by all funds. Each fund's portion of the account is displayed on the balance sheet as "cash and investments" or included in "due from/due to other funds."

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

A. Reconciliation of Deposit and Investment Balances

The following is a reconciliation of the City's deposit and investment balances to the financial statements as of June 30, 2020.

Cash and cash equivalents	12,806,305	Cash and investments	\$ 12,399,215
Investments	-	Restricted cash and investments	407,090
	<u>\$ 12,806,305</u>		<u>\$ 12,806,305</u>

B. Investment Policy

The City's investment policy authorizes investments in:

1. Obligations of, or obligations insured or guaranteed by the United States of an agency or instrumentality of the United States.
2. Certificates of deposit, repurchase agreements, bankers acceptances and other similar obligations or a bank domiciled in the United States that has an outstanding debt rated at least "A" or its equivalent, by a nationally recognized rating service.
3. General obligations of a municipality within the United States, if the obligations are rated at least "A" by at least two nationally recognized rating services.
4. Mutual funds that consist of similar investments as listed above.
5. Money market and other cash equivalent investments (such as the Alaska Municipal League Investment Pool), with a maturity date of one year or less after date of investment, and that are of similar quality to the investments listed above.

C. Credit Risk

Generally, credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This is measured by the assignment of a rating by a nationally recognized statistical rating organization. All of the investments in the U.S. government agencies are rated AAA by Moody's Investors Service and Municipal Bonds are rated AAA.

Custodial Credit Risk

The City maintains cash balances at several financial institutions. Accounts at each institution are insured by the Federal Deposit Insurance Corporation (FDIC) up to \$250,000. In addition, the City maintains a collateralization agreement with a financial institution. At June 30, 2020 the City's cash deposits were fully insured.

For an investment, this is a risk that, in the event of the failure of the counterparty, the City will not be able to recover the value of its investments or collateral securities that are in the possession of an outside party. Investments held by the City are protected by the Securities Investor Protection Corporation (SIPC) up to \$500,000 per customer per financial institution.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

D. Fair Value of Financial Instruments

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. The following financial instruments are recorded at fair value or at amounts that approximate fair value: (1) cash and cash equivalents, (2) receivables, net, (3) certain other current assets, (4) accounts payable, and (5) other current liabilities. The carrying amounts reported in the balance sheet and Statement of Net Position for the above financial instruments closely approximates their fair value due to the short-term nature of these assets and liabilities.

IV. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2020 follows:

Governmental Activities	Balance July 1, 2019	Additions	Deletions	Balance June 30, 2020
Capital assets not being depreciated:				
Land and land improvements	\$ 4,862,446	-	-	4,862,446
Construction in progress	1,644,967	1,705,519	59,544	3,290,942
Total assets not being depreciated	6,507,413	1,705,519	59,544	8,153,388
Capital assets being depreciated:				
Buildings	24,984,037	-	-	24,984,037
Improvements other than buildings	37,422,029	54,874	-	37,476,903
Machinery and equipment	11,834,657	91,167	151,068	11,774,756
Total capital assets being depreciated	72,240,723	146,041	151,068	74,235,696
Less accumulated depreciated for:				
Buildings	10,062,376	684,204	-	10,746,580
Improvements other than buildings	15,604,837	1,173,187	-	16,778,024
Machinery and equipment	5,644,332	563,948	151,068	6,057,212
Total accumulated depreciated	31,311,545	2,421,339	151,068	33,581,816
Total capital assets being depreciated, net	42,929,178	(2,275,298)	-	40,653,881
Governmental activity capital assets, net	\$ 49,436,591	(569,779)	59,544	48,807,269

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Depreciation expense was charged to the functions as follows:

General government	\$ 69,920
Public safety	131,231
Public works	147,933
Community services	6,043
Water and sewer	720,028
Landfill	196,002
Dock	334,758
Harbor	226,490
Senior citizen center	25,010
Education	<u>563,924</u>
Total depreciation expense	\$ <u>2,421,339</u>

V. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

A schedule of interfund balances and transfers for the year ended June 30, 2020 is as follows:

Receivable Fund	Payable Fund	Amount
Roads Capital Project Fund	General Fund	\$ 3,079,981
General Fund	Planning Capital Project Fund	3,732,623
Debt Service Fund	General Fund	53,742
Other Governmental Funds	General Fund	4,811,509
General Fund	Other Governmental Funds	<u>755,595</u>
Total		\$ <u>12,433,450</u>

		Transfers in			
		Planning	Debt	Other	
		CPF	Service	Governmental	Total
		Fund	Funds	Funds	
Transfers out:					
General Fund	\$	7,795	979,020	731,612	1,718,427
Other Governmental Funds		<u>204,058</u>	-	-	204,058
Total	\$	<u>211,853</u>	<u>979,020</u>	<u>731,612</u>	<u>1,922,485</u>

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

VI. LONG-TERM DEBT

The following is a summary of long-term debt transactions for the year ended June 30, 2020:

	<u>Balance</u> <u>July 1, 2019</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2020</u>	<u>Due Within</u> <u>One Year</u>
\$3,475,000 Series One & Two General Obligation School Installments of \$105,000 to \$265,000, plus interest at 5.0% through May 1, 2039	\$ 3,475,000	-	105,000	3,370,000	115,000
\$8,425,000 2016 Series Three & Four General Obligation School Bonds, due in annual installments of \$685,000 to \$1,035,000 plus Interest at 4.0% to 5.0% through December 1, 2027	7,740,000	-	710,000	7,030,000	740,000
\$140,640 283081 Landfill Clean Water Loan, annual installment payments begin 1 year after final disbursement, Interest 0.5% finance charge, 1% interest	-	35,673	-	35,673	-
Bond premium	1,604,454	-	156,310	1,448,144	156,310
Public safety vehicle lease (2017)	30,373	-	14,783	15,590	15,590
Public safety vehicle lease (2019)	29,262	-	6,571	22,691	7,044
Dock crane	848,617	-	112,744	735,873	115,461
Accrued leave	185,524	220,284	184,687	221,121	221,121
Estimated landfill closure costs	431,282	104,206	-	535,488	-
Net pension and OPEB liabilities (asset)	5,868,925	-	1,151,040	4,717,885	-
Total Long-Term Debt	<u>\$ 20,213,437</u>	<u>360,163</u>	<u>2,441,135</u>	<u>18,132,465</u>	<u>1,370,526</u>

Other long-term liabilities such as accrued leave are generally liquidated by the General Fund and bond premiums are amortized over term of the bond.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

The annual requirements to amortize the general obligation bonds outstanding at June 30, 2020 are as follows:

Year Ending June 30,	General Obligation Bonds		
	Principal	Interest	Total
2021	\$ 855,000	490,050	1,345,050
2022	895,000	454,000	1,349,000
2023	930,000	412,250	1,342,250
2024	975,000	364,750	1,339,750
2025	1,020,000	315,000	1,355,000
2026-2030	3,745,000	1,049,625	4,794,625
2031-2035	995,000	447,750	1,442,750
2036-3039	985,000	186,250	1,171,250
Total	\$ 10,400,000	3,719,675	14,119,675

In November 2016, the City issued \$8,425,000 Series Three and Four General Obligation Bonds with an average interest rate of 4.82% to advance refund \$9,190,000 of outstanding 2008 Series One bonds. The bonds were issued at a premium of \$1,383,708. The net proceeds of \$9,734,429 (after payment of \$74,279 in issuance costs) were used to purchase U.S. government securities. Those securities were deposited in an irrevocable trust with an escrow agent to provide for all future debt service payments on the 2008 Series One bonds. As a result, the 2008 Series One bonds are considered to be defeased and the liability for those bonds has been removed from the financial statements. As of June 30, 2020, the amount of defeased debt still outstanding was \$7,660,000.

The City advance refunded the 2008 Series One bonds to reduce its total debt service payments over the next 10 years by \$1,151,482, and to obtain an economic gain (difference of the present value of the debt service payments on the old and new debt) of \$940,934.

Series Three and Four's bond premium is amortized over the life of the bond. \$125,792 is amortized each year through December 1, 2027.

On May 2, 2019, the City issued \$3,475,000 Series One and Two General Obligation Bonds with an interest rate of 5% to advance refund \$3,475,000 outstanding 2019 Series One and Two bonds. The bonds were issued at a premium of \$598,122. The net proceeds of \$4,073,122 (after payment of \$35,749 in issuance costs) were used to purchase U.S. government securities.

Series One and Two's bond premium is amortized over the life of the bond. \$30,518 is amortized each year through December 1, 2039.

In April 2019, the City obtained a Clean Water State Revolving Fund Loan for \$367,000, with a finance rate of 1.5% payable over 20 years starting one year after project construction ends. As of June 30, 2020 the project is in the beginning stages and payments have not been started. The balance of the note payable at June 30, 2020 is \$35,673. A portion of the note will be forgiven in the form of a subsidy. The maximum amount of the subsidy is \$137,610. The loan is secured by a irrevocable pledge of net operating revenues from the Water Department.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

VII. CAPITAL LEASES

The City has entered into lease agreements as lessee for financing the acquisition of a grader, a streets vehicle, a vehicle for animal control, six vehicles for general public safety and a dock crane. These lease agreements qualify as capital leases for accounting purposes and, therefore, have been recorded at the present value of the future minimum lease payments. The following is a summary of the assets acquired with the capital leases that have an outstanding balance as of June 30, 2020:

	<u>Public Works</u>	<u>Public Safety</u>	<u>Dock</u>	<u>Total</u>
Machinery and equipment	\$ 378,251	281,407	1,497,000	2,156,658
Less accumulated depreciation	(335,877)	(158,608)	(199,600)	(694,085)
Carrying value	\$ <u>42,374</u>	<u>122,799</u>	<u>1,297,400</u>	<u>1,462,573</u>

The following is a schedule of future minimum lease payments under these capital leases and the present value of the net minimum lease payments at June 30, 2020:

<u>Year Ending June 30,</u>	<u>General Fund</u>
2021	\$ 138,095
2022	141,874
2023	141,874
2024	133,196
2025	133,196
2026-2028	<u>153,413</u>
Total minimum lease payments	841,647
Less interest portion	<u>(67,494)</u>
Present value of future minimum lease payments	774,154
Less current portion	<u>(138,095)</u>
Total	<u>\$ 636,059</u>

VIII. FUND BALANCES

Fund balances at June 30, 2020, reported in the City's individual major funds and other governmental funds in the aggregate on the governmental funds balance sheet is subject to the following constraints:

	General Fund	Roads Capital Project Fund	Planning Capital Project Fund	Other Governmental Fund	Total Governmental Fund
Nonspendable - prepaid	\$ 84,599	-	-	-	84,599
Restricted:					
Enhanced 911 service	-	-	-	268,809	268,809
Asset forfeiture	-	-	-	27,733	27,733
Local support	-	-	-	1,170	1,170
Reward	-	-	-	400	400
Mary Carlson Estate	-	-	-	367,955	367,955
Total restricted	-	-	-	666,067	666,067
Committed:					
Roads	-	3,078,649	-	-	3,078,649
Planning	-	-	264,537	-	264,537
Equipment replacement	-	-	-	68,327	68,327
Fire hall	-	-	-	787,325	787,325
Ambulance reserve	-	-	-	544,853	544,853
Landfill	-	-	-	172,044	172,044
Total committed	-	3,078,649	264,537	1,572,549	4,915,735
Assigned:					
Water and sewer	-	-	-	552,780	552,780
Dock	-	-	-	1,218,057	1,218,057
Boat harbor	-	-	-	13,256	13,256
Senior citizens center	-	-	-	11,099	11,099
Total assigned	-	-	-	1,795,192	1,795,192
Unassigned (deficits)	5,471,381	-	-	(16,711)	5,454,670
Total fund balances	5,555,980	3,078,649	264,537	4,017,097	12,916,263

The restricted funds in the Mary Carlson Permanent Fund are all expendable for repairs, maintenance, and improvements on the existing structure.

In the government-wide net investment in capital assets at June 30, 2020 is made up of the following:

Capital assets, net of accumulated depreciation	\$ 48,807,269
Less:	
Bonds payable	10,435,673
Bond premium	1,448,144
Capital leases	774,154
Net investment in capital assets	\$ 36,149,298

The Landfill, library, and school bonds have deficits of \$14,281, \$804, and \$1,626 respectively at year end. The deficits will be covered by a transfer from the General Fund in FY2021.

IX. LANDFILL CLOSURE AND POST-CLOSURE LIABILITY

State and federal laws and regulations require the City to place a final cover on its landfill site when it stops accepting waste and to perform monitoring after closure. Although closure and post-closure care costs will be paid only near or after the date the landfill stops accepting waste, accounting principles generally accepted in the United States of America require that the City record a portion of these closure and post-closure care costs as an operating expenditure in each period based on landfill capacity used during that period.

The current landfill has an estimated life of 50 years, with the installation of new more efficient incinerator equipment, resulting in the landfill lasting longer. Closure and post closure costs are estimated to be \$1,586,000. There is currently \$172,044 set aside in the Landfill Capital Project Fund. The City will recognize the remaining estimated cost of closure and post closure care cost based on a 50-year life.

X. Employee Retirement Systems and Plans

The City follows *Governmental Accounting Standards Board (GASB) Codification P20, Accounting for Pensions by State and Local Governmental Employees* and *GASB Codification P50, Accounting and Financial Reporting by Employers for Post-employment Benefits Other than Pensions*. *GASB Codification P20* and *GASB Codification P50* establish uniform standards for the measurement, recognition, and display of pension and other post-employment benefits other than pensions (healthcare) expenditures/expense and related liabilities, assets, note disclosure and applicable required supplementary information in the financial reports of state and local governmental employers.

All full-time employees and certain permanent part-time employees of the City participate in the State of Alaska Public Employees' Retirement System (PERS). In addition to the pension plan, PERS also administers other post-employment benefit (OPEB) plans.

The system is governed by the Alaska Retirement Management Board. The benefit and contribution provisions are established by State law and may be amended only by the State legislature. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee.

Summary of Significant Accounting Policies. The financial statements for PERS are prepared using the accrual basis of accounting. Plan member contributions are recognized in the period in which the contributions are due. The City's contributions are recognized when due and a formal commitment to provide the contributions has been made. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan. All plan investments are reported at fair value.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

PERS acts as the common investment and administrative agencies for the following multiple-employer plans:

<u>Plan Name</u>	<u>Type of Plan</u>
Defined Benefit Pension Plan (DB)	Cost-sharing, Defined Benefit Pension
Defined Contribution Pension Plan (DC)	Defined Contribution Pension
Defined Benefit Other Postemployment Benefits (OPEB):	
Occupational Death and Disability Plan	Defined Benefit OPEB
Alaska Retiree Healthcare Trust Plan	Defined Benefit OPEB
Retiree Medical Plan	Defined Benefit OPEB
Defined Contribution Other Postemployment Benefits (DC):	
Healthcare Reimbursement Arrangement Plan	Cost-sharing, Defined Contribution OPEB

Other Postemployment Benefit Plans (OPEB)

Occupational Death and Disability Plan (ODD)

The Occupational Death and Disability Plan provides death benefits for beneficiaries of plan participants and long-term disability benefits to all active members within the System. For the year ended June 30, 2020 the employer contribution rate is 0.72% for peace officers/firefighters and 0.26% for all others.

Membership in the plan consisted of the following at June 30, 2019 (latest available report):

<u>Membership</u>	<u>PERS</u>
Active plan members	22,311
Participating employers	154

Alaska Retiree Healthcare Trust Plan (ARHCT)

Beginning July 1, 2007, the Alaska Retiree Healthcare Trust Plan (ARHCT), a Healthcare Trust Fund of the State, was established. The ARHCT is self-funded and provides major medical coverage to retirees of the System. The System retains the risk of loss of allowable claims for eligible members. The ARHCT began paying member healthcare claims on March 1, 2008. Prior to that, healthcare claims were paid for by the Retiree Health Fund (RHF). For the year ended June 30, 2019 (latest available information) employer contributions were 4.88% of annual payroll. Membership in the plan consisted of the following at June 30, 2019 (latest report available):

<u>Membership</u>	<u>PERS</u>
Inactive plan members or beneficiaries currently receiving benefits	36,059
Inactive plan members entitled to but not yet receiving benefits	7,361
Inactive plan members not entitled to benefits	10,808
Active plan members	12,316
Total plan membership	<u>66,544</u>

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Retiree Medical Plan (RMP)

The retiree medical plan provides major medical coverage to retirees of the DC plan. The plan is self-insured. Members are not eligible to use this plan until they have at least 10 years of service and are Medicare age eligible. For the year ended June 30, 2020 employer contributions were 1.32%. Membership in the plan consists of the following at June 30, 2019 (latest available report):

Membership	PERS
Inactive plan members or beneficiaries currently receiving benefits	34
Inactive plan members entitled to but not yet receiving benefits	1,412
Inactive plan members not entitled to benefits	13,248
Active plan members	22,311
Total plan membership	37,005

Healthcare Reimbursement Arrangement Plan

The Healthcare Reimbursement Arrangement Plan was established to allow medical expenses to be reimbursed from individual savings accounts established for eligible participants. Employer contributions are 3% of the average annual compensation of all employees in the plan. Membership in the plan consists of the following at June 30, 2019 (latest available report):

Membership	PERS
Inactive plan members or beneficiaries currently receiving benefits	40
Inactive plan members entitled to but not yet receiving benefits	1,412
Inactive plan members not entitled to benefits	13,248
Active plan members	22,311
Total plan membership	37,011

Investments

The Board is the investment oversight authority of the system's investments. As the fiduciary, the Board has the statutory authority to invest the assets under the Prudent Investor Rule. Fiduciary responsibility for the Board's invested assets is pursuant to AS 37.10.210.390.

State of Alaska Department of Treasury provides staff for the Board. Treasury has created a pooled environment by which it manages investments of the Board. Additionally, Treasury manages a mix of Pooled Investment Funds and Collective Investment Funds for the DC Participant-directed Pension plans under the Board's fiduciary responsibility.

Rate of Return

The money-weighted rate of return expresses investment performance, net of investment expense, adjusted for the changing amounts actually invested. The annual weighted rate of return, net of investment expense, for the year ended June 30, 2019 (latest available report) for the DB Plan for PERS is 5.88%, for the ARHCT plan is 6.03%, for the ODD Plan is 6.22%, and for the RMP is 6.21%.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

For additional information on securities lending, interest rates, credit risks, foreign exchange, derivatives, fair value, and counterparty credit risks, see the separately issued report on the Invested Assets of the State of Alaska Retirement and Benefits Plans at:

<http://treasury.dor.alaska.gov/armb/Reports-and-Policies/Annual-Audited-Financial-Schedules.aspx>.

The long-term expected rate of return on pension and OPEB plan investments was determined using the building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of pension plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and adding expected inflation. The best estimates of arithmetic real rates of return for each major asset class are summarized below for the PERS plan:

<u>Asset Class</u>	<u>Long-Term Expected Real Rate of Return</u>
Broad Domestic Equity	8.16%
Global Equity (non-U.S.)	7.51%
Intermediate Treasuries	1.58%
Opportunistic	3.96%
Real Assets	4.76%
Private Equity	11.39%
Cash Equivalents	0.83%

Discount Rate: The discount rate used to measure the total pension and OPEB liabilities and assets is 7.38%, which represents a decrease of 0.62% since the prior measurement period. The projection of the cash flows used to determine the discount rate assumes that Employer and State contributions will continue to follow the current funding policy, which meets State statutes. Based on those assumptions, the net pension and OPEB plans fiduciary net pension and OPEB liabilities and assets were projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on pension and OPEB plan investments were applied to all periods of projected benefit payments to determine the total pension and OPEB liabilities and assets. In the event benefit payments are not covered by the plan's fiduciary net position, a municipal bond rate would be used to discount the benefits not covered by the plan's fiduciary net position. The S&P Municipal Bond 20-Year High Grade Index rate was 2.79% as of June 30, 2019.

Employer and Other Contribution Rates. There are several contribution rates associated with the pension and healthcare contributions and related liabilities. These amounts are calculated on an annual basis.

Employer Effective Rate: This is the actual employer pay-in rate. Under current legislation, this rate is statutorily capped at 22% of eligible wages, subject to the salary floor, and other termination costs as described below. This rate is calculated on all PERS participating wages, including those wages attributable to employees in the defined benefit plan.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

ARM Board Adopted Rate: This is the rate formally adopted by the Alaska Retirement Management Board. This rate is actuarially determined and used to calculate annual Plan funding requirements, without regard to the statutory rate cap or the GASB accounting rate. Prior to July 1, 2015, there were no constraints or restrictions on the actuarial cost method or other assumptions used in the ARM Board valuation. Effective July 1, 2015, the Legislature requires the ARM Board to adopt employer contribution rates for past service liabilities using a level percent of pay method over a closed 25 year term which ends in 2039. This will result in lower ARM Board Rates in future years.

On-behalf Contribution Rate: This is the rate paid in by the State as an on-behalf payment as mandated under current statute. Under state law, subject to annual appropriation, the state will contribute an on-behalf payment into the plan in an amount equal to the difference between the ARM Board Rate and the Employer Effective Rate. On-behalf contribution amounts have been recognized in these financial statements as both revenue and expenditures.

GASB Rate: This is the rate used to determine the long-term pension and healthcare liability for plan accounting purposes. Certain actuarial methods and assumptions for this rate calculation are mandated by the *Governmental Accounting Standards Board (GASB)*. Medicare Part D subsidies are not reflected in this rate. The rate uses a 7.38% discount rate.

Employer Contribution rates for the year ended June 30, 2020 are as follows:

	Employer Effective Rate	ARM Board Adopted Rate	State Contribution Rate
	<u>Rate</u>	<u>Rate</u>	<u>Rate</u>
PERS:			
Pension	15.72%	23.73%	6.62%
OPEB	6.28%	4.89%	0%
Total PERS contribution rates	<u>22.00%</u>	<u>28.62%</u>	<u>6.62%</u>

Termination Costs: If the City decides to terminate coverage for a department, group, or other classification of members, even if that termination results from the decision to divest of a particular City function, all affected employees in that department, group, or other classification of members become immediately vested in the plan. The City must pay to have a termination study completed. The purpose of the study is to calculate the City's one-time termination costs. The costs represent the amount necessary to fully fund the costs of plan members who become vested through this process and for other changes in actuarial assumptions, such as, earlier than expected retirement, that arise from the act of termination of coverage. The City must pay a lump sum within 60 days of termination or arrange a payment plan that is acceptable to the PERS Administrator. For fiscal year 2020 the past service rate for PERS is 17.44%.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Actuarial Assumptions: The total pension and OPEB liabilities on June 30, 2019 (latest available) were determined by an actuarial valuation as of June 30, 2018 which was rolled forward to the measurement date June 30, 2019. These actuarial assumptions were based on the results of an actuarial experience study for the period from July 1, 2013 to June 30, 2017.

Investment return / discount rate	7.38% per year (geometric), compounded annually, net of expenses
Salary scale	Inflation – 2.5% per year Productivity – 0.25% per year
Payroll growth	2.75% per year (inflation + productivity)
Total inflation	Total inflation as measured by the Consumer Price Index for urban and clerical workers from Anchorage is assumed to increase 2.5% annually.
Mortality (Pre-termination)	Based upon 2013-2017 actual mortality experience, 100% (male and female) of RP-2014 healthy annuitant table with MP-2017 generational improvement.
Mortality (Post-termination)	Mortality rates based upon the 2013-2017 actual experience. 91% of male and 96% of female rates of RP-2014 health annuitant table with MP-2017 generational improvement.
Total turnover	Based upon the 2013-2017 actual withdrawal experience.
Disability	Incidence rates based on 2013-2017 actual experience. Post-disability mortality in accordance with the RP-2014 disability table with MP-2017 generational improvement. Disabilities are assumed to be occupational 75% of the time for peace officers/firefighters, 40% of the time for others.
Retirement	Retirement rates based upon the 2013-2017 actual experience. Deferred vested members are assumed to retire at their earliest unreduced retirement date.
Marriage and age difference	Males are assumed to be three years older than their wives. Females are assumed to be two years younger than their husbands. For others, 75% of male members and 70% of female members are assumed to be married. For peace officers/firefighters, 85% of male members and 60% female members are assumed to be married.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Healthcare cost trend rates

Pre-65 medical: 7.5% grading down to 4.5%
Post-65 medical: 5.5% grading down to 4.5%
Prescription drugs: 8.5% grading down to 4.5%
EGWP: 8.5% grading down to 4.5%.

As a result of the latest experience study, the Board adopted updated actuarial assumptions for the June 30, 2018 actuarial valuation to better reflect expected future experience. In addition to the changes in assumptions resulting from the experience study, the following assumption changes related to the ARHCT plan have been made since the prior valuation:

1. Based on recent experience, the healthcare cost trend assumptions were updated.
2. Per capita claims costs were updated to reflect recent experience.
3. Healthcare cost trends were updated to reflect a Cadillac Tax load.

The changes of assumptions from the latest experience study created substantial deferred outflows of resources attributable to the City, as well as an OPEB benefit recognized by the City for the State's proportionate share of OPEB plan expense attributable to the City. In some instances the reduction of revenues and expenses reported for the State's proportionate share of OPEB plan expense attributable to the City creates a net negative Pension/OPEB expense (net pension/OPEB benefit) which results in negative operating grants and contributions for certain functions reported on the Statement of Activities.

Alaska Public Employee Retirement System (PERS) – Defined Benefit Plan (DB)

Plan Description. The City participates in the Alaska Public Employees' Retirement System (PERS), a cost sharing multiple employer defined benefit pension plan. PERS provides retirement benefits, disability and death benefits, and post-employment healthcare to plan members and beneficiaries. The Plan was established and is administered by the State of Alaska, Department of Administration. The Public Employee's Retirement System issues a publicly available financial report that includes financial statements and required supplementary information for PERS. This report may be obtained from the system at Pouch C, Juneau, Alaska 99811 or online at: <http://doa.alaska.gov/drb/pers>.

Pension Benefits. All tier employee benefits vest with five years of credited service. There are three tiers of employees based on entry date. Tier I employees enrolled prior to July 1, 1986, with five or more years of credited service are entitled to annual pension benefits beginning at normal retirement age 55 or early retirement age 50. For Tier II and III employees enrolled after June 30, 1986, but before July 1, 2006, the normal and early retirement ages are 60 and 55, respectively. All tier employees with 30 or more years of credited service may retire at any age and receive a normal benefit.

The PERS defined benefit is closed to new hires enrolled on or after July 1, 2006. New hires after this date participate in the PERS defined contribution plan (DC) described later in these notes.

Currently there are 154 employers participating in PERS defined benefit plan, including the State of Alaska and 153 political subdivisions and public organizations.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

The DB Plan's membership consisted of the following at June 30, 2019 (latest available report):

Inactive plan members or beneficiaries currently receiving benefits	36,059
Inactive plan members entitled to but not receiving benefits	7,361
Inactive members not entitled to benefits	10,808
Active plan members	<u>12,316</u>
Total DB plan membership	<u>66,544</u>

Retirement benefits are calculated by multiplying the average monthly compensation (AMC) times credited PERS service times the percentage multiplier. The AMC is determined by averaging the salaries earned during the five highest (three highest for peace officers/firefighters members or members hired prior to July 1, 1996) consecutive payroll years. Members must earn at least 115 days of credit in the last year worked to include it in the AMC calculation. The PERS pays a minimum benefit of \$25 per month for each year of service when the calculated benefit is less.

The percentage multipliers for peace officers/firefighters are 2% for the first ten years of service and 2.5% for all service over 10 years. The percentage multipliers for all other participants are 2% for the first ten years, 2.25% for the next ten years, and 2.5% for all remaining service earned on or after July 1, 1986. All service before that date is calculated at 2%.

Post-employment healthcare benefits are provided without cost to all members first enrolled before July 1, 1986. Members first enrolled after June 30, 1986, but before July 1, 2006, and who have not reached age 60 may elect to pay for major medical benefits.

Post Retirement Pension Adjustments. Post retirement pension adjustments (PRPAs) are granted annually to eligible benefit recipients when the consumer price index (CPI) increases during the preceding calendar year. PRPAs are calculated by multiplying the recipient's base benefit, including past PRPAs, times:

- (a) 75% of the CPI increase in the preceding calendar year or 9%, whichever is less, if the recipient is at least 65 or on PERS disability; or
- (b) 50% of the CPI increase in the preceding calendar year or 6%, whichever is less, if the recipient is at least 60, or has been receiving benefits for at least five years.

Ad hoc PRPAs, up to a maximum of 4%, may be granted to eligible recipients who first entered the PERS before July 1, 1986, if the CPI increases and the financial condition of the fund will permit an increase. In a year where an ad hoc PRPA is granted, eligible recipients will receive the higher of the two calculations.

Funding Policy. In April 2008 the Alaska Legislature passed legislation which statutorily capped the employer contribution, established a state funded "on-behalf" contribution, and required that employer contributions be calculated against all PERS eligible wages, including wages paid to participants of the PERS Tier IV defined contribution plan (DC) described later in these footnotes. The state legislature capped the rate at 22%, with the State contributing an on-behalf payment for the difference between the actuarial contribution and the cap.

Salary Floor. During the 25th legislation session, Senate Bill 125 passed, which established a June 30, 2008 salary floor under AS 39.35.255(a)(2). The salary floor is the total base salaries paid by an employer to active employees of the system as of the fiscal year ending June 30, 2008. The statute requires the Division of Retirement and Benefits (Division) to collect employer contributions at a minimum based on FY 2008 base salaries.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

Employee Contribution Rate. The City's PERS active members are required to contribute 7.5% of their annual covered salary for peace officers/firefighters and 6.75% for all others.

Employer contributions for the year ended June 30, 2020, were:

Pensions (DB)	Other Post-Employment Benefits (DB)	Total
\$ <u>313,063</u>	<u>163,953</u>	<u>477,016</u>

Public Employees Retirement Plans

For the year ended June 30, 2020 the State of Alaska contributed \$212,830 (100% pension cost) on-behalf of the City, which has been recorded in the fund financial statements under the modified-accrual basis of accounting. In the government-wide financial statements the on-behalf contribution has been adjusted as of the measurement date June 30, 2019 to a total of (\$71,294), to represent the pension/OPEB expense attributable to the State under the full accrual basis of accounting.

Pension and OPEB Liabilities and Assets, Pension and OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to Pensions and OPEB: At June 30, 2020, the City reported liabilities and assets that reflected a reduction for State pension and OPEB support provided to the City. The amount recognized by the City as its proportionate share of net pension and OPEB liabilities (assets), the related State support, and the total portion of the net pension and OPEB liabilities (assets) that were associated with the City were as follows:

Defined Benefit:	Pension
City's proportionate share of the net pension liability	\$ 4,599,123
State's proportionate share of the net pension liability	<u>1,826,842</u>
Total	<u>\$ 6,452,965</u>
	OPEB
City's proportionate share of the ARHCT OPEB liability	\$ 124,464
State's proportionate share of the ARHCT OPEB liability	<u>49,429</u>
Total	<u>\$ 173,893</u>
City's proportionate share of the ODD OPEB liability (asset)	<u>\$ (49,522)</u>
City's proportionate share of the RMP OPEB liability	<u>\$ 43,820</u>
Total City's share of net pension and OPEB liabilities and assets	<u>\$ 4,717,885</u>

The net pension and OPEB liabilities and assets were measured as of June 30, 2019, and the total pension and OPEB liabilities used to calculate the net pension and OPEB liabilities and assets were determined by an actuarial valuation as of that date. The City's proportion of the net pension and OPEB liabilities and assets were based on the present value of contributions for FY2021 through FY2039, as determined by projections based on the June 30, 2019 valuation.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

The City's proportionate share and changes in the pension and OPEB liabilities and assets were as follows:

	June 30, 2019 Measurement	June 30, 2020 Measurement	Change
Pension	0.0981%	0.0840%	(0.0141)%
OPEB:			
ARHCT	0.0981%	0.0839%	(0.0142)%
ODD	0.1899%	0.2043%	(0.0144)%
RMP	0.1899%	0.1832%	(0.0067)%

Based on the measurement date of June 30, 2019, the City recognized pension and OPEB expense of \$445,959 and \$(1,165,609), respectively, for the year ended June 30, 2020. At June 30, 2020, the City reported deferred outflows of resources and deferred inflows of resources related to pensions and OPEB from the following sources:

	Pension	
	Deferred Outflows of Resources	Deferred Inflows of Resources

Changes in proportion and differences between City contributions and proportionate share of contributions	2,419	(1,687)
City contributions subsequent to the measurement date	<u>8,161</u>	<u>-</u>
Total	<u>\$ 10,580</u>	<u>(18,401)</u>

	OPEB RMP	
	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences between expected and actual experience	\$ -	(3,246)
Changes of assumptions	21,210	-
Net difference between projected and actual earnings on OPEB plan investments	-	(484)
Changes in proportion and differences between City contributions and proportionate share of contributions	-	(1,764)
City contributions subsequent to the measurement date	<u>30,742</u>	<u>-</u>
Total	<u>\$ 51,952</u>	<u>(5,494)</u>

\$313,063 and \$163,954 are reported as deferred outflows of resources related to pension and OPEB resulting from City contributions subsequent to the measurement date and will be recognized as a reduction of the net pension and OPEB liabilities and as an increase to the net pension and OPEB assets in the year ended June 30, 2020, respectively. Other amounts reported as deferred outflows of resources and deferred inflows of resources related to pension and OPEB will be recognized in pension and OPEB expense as follows:

Year Ended June 30,		Pension	OPEB ARHCT	OPEB ODD	OPEB RMP
2020	\$	(92,225)	(12,161)	(2,500)	1,561

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

For the year ended June 30, 2020, the City recognized (\$426,974) and (\$75,264) of pension and OPEB amortization of the net deferred outflows and inflows of resources, respectively.

Sensitivity of the Net Pension and OPEB Liabilities and Assets to Changes in the Discount Rate: The following presents the net pension and OPEB liabilities and assets of the plan calculated using the discount rate of 7.38%, as well as what the Plans' net pension and OPEB liabilities and assets would be if they were calculated using a discount rate that is 1-percentage-point lower (6.38%) or 1-percentage-point higher (8.38%) than the current rate:

	1% Decrease (6.38%)	Current Rate (7.38%)	1% Increase (8.38%)
Net pension liability (asset)	\$ 6,070,035	4,599,123	3,367,282
Net OPEB ARHCT liability (asset)	\$ 1,001,158	124,464	(596,712)
Net OPEB ODD liability (asset)	\$ (46,975)	(49,522)	(51,581)
Net OPEB RMP liability	\$ 110,060	43,820	(6,050)

Sensitivity of the City's proportionate share of the Net OPEB liability and assets to changes in the healthcare cost trend rates. The following present the City's proportionate share of the net OPEB liability (asset), as well as what the City's proportionate share of the net OPEB liability (asset) would be if it were calculated using healthcare cost trend rates that are 1-percentage-point lower or 1-percentage-point higher than the current healthcare cost trend rates:

	1% Decrease	Current Rate	1% Increase
Net OPEB ARHCT liability (asset)	\$ (681,059)	124,464	1,107,506
Net OPEB ODD liability (asset)	\$ N/A	(49,522)	N/A
Net OPEB RMP liability (asset)	\$ (13,477)	43,820	122,253

Alaska Public Employee Retirement System (PERS) – Defined Contribution Plan (DC)

Plan Description and Funding Requirements. City's and Public Employers in the State of Alaska have a defined contribution retirement plan (PERS Tier IV) for new hires first enrolled on or after July 1, 2006. This Plan is administered by the State of Alaska, Department of Administration in conjunction with the defined benefit plan noted above. The Administrator of the Plan is the Commissioner of Administration or the Commissioner's designee. Plan members make mandatory contributions of 8% of gross eligible compensation. This amount goes directly to the individual's account. State statutes require the employer to contribute 5% of employees' eligible compensation. Additionally, employers are required to contribute to OPEB (DB): 1.32% for the retiree medical plan (DB), 0.26% for occupational and death and disability benefits (DB) and 3% of employers' average annual employee compensation to the health reimbursement arrangement (HRA DC). The effective employer contribution is 22%. Additionally, there is a defined benefit unfunded liability (DBUL) amount levied against the DC plan and allocated to the DB Plan's pension and OPEB contribution.

Plan members are 100% vested with their contributions.

Members become vested in employers' contributions as follows:

- 2 years of service – 25%
- 3 years of service – 50%
- 4 years of service – 75%
- 5 years of service – 100%

The City contributed \$198,010 for the year ended June 30, 2020, which included forfeitures of \$133,283 which have been applied as employer contributions.

XI. DEFERRED COMPENSATION PLAN

The City offers its employees a deferred compensation plan created in accordance with Internal Revenue Code Section 457. The Plan, available to all employees, permits them to defer a portion of their salary until future years up to legal limits. No contributions are made by the City. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. All assets and income of the Plan must be held in trust for the exclusive benefit of participants and their beneficiaries.

XII. RISK MANAGEMENT

The City faces a considerable number of risks of loss, including: (a) damage to and loss of property and contents, (b) employee torts, (c) professional liability; i.e., errors and omissions, (d) environmental damage, (e) workers' compensation; i.e., employee injuries, and (f) medical insurance costs of employees. Commercial policies, transferring the risk of loss, except for relatively small deductible amounts, are purchased for employee medical costs.

The City participates in the Alaska Municipal League Joint Insurance Association (AML/JIA) which provides insurance coverage for property and contents damage, torts, general and automobile liability and workers' compensation. The AML/JIA is a public entity risk pool organized to share risks among its members. The Association's bylaws provide for the assessment of supplemental contributions from members in the event that losses and expenses for any coverage year exceed the annual contributions and income earned on such contributions for the year. Such supplemental contributions shall be based upon each members' annual deposit contribution in comparison to the aggregate annual deposit contributions of all members. The Association made no supplemental assessments during the year ended June 30, 2020.

The City has no coverage for potential losses from environmental damages. Coverage limits and the deductibles on the policies have stayed relatively constant for the past few years.

XIII. CONDUIT DEBT

On May 19, 2005, the City Council authorized the issuance of nonrecourse revenue refunding bonds in a principal amount not to exceed \$1,300,000 to refinance previously issued nonrecourse revenue bonds on behalf of Bristol Bay Native Association. The outstanding balance at June 30, 2020 was \$104,810. These bonds do not constitute a general obligation debt or pledge of the full faith and credit of the City. Accordingly, the bonds and related assets are not reflected in the accompanying financial statements.

XIV. CONTINGENT LIABILITIES AND COMMITMENTS

Amounts received or receivable from grantor agencies are subject to audit and adjustment by grantor agencies. Any disallowed claims, including amounts already collected, may constitute a liability of the applicable funds. The amount, if any, of expenditures which may be disallowed by the grantor cannot be determined at this time although the City expects such amounts, if any, to be nominal. In the normal course of its activities, the City is involved in various claims and pending litigation.

Notes to Basic Financial Statements, Continued

A notice of violation has been filed by the Alaska Department of Environmental Conservation alleging nine violations of the city's Alaska Pollutant Discharge Elimination permit for the Dillingham Lagoon. The City is investigating the alleged violation. The notice of violation initiates the enforcement process and the process is still in the early stages. It is difficult to evaluate the likelihood of an unfavorable outcome, including the amount or likelihood of fines.

XVI. SUBSEQUENT EVENTS

Management has evaluated subsequent events through June 3, 2021, the date which the financial statements were available for issue, and one subsequent event was identified that was necessary to disclose for proper presentation of the financial statements as follows: Alaska Department of Environmental Conservation alleged nine violations of the City's Alaska Pollutant Discharge Elimination permit for the Dillingham Lagoon, however, we are unable to forecast the potential outcome, including the amount or likelihood of any fine.

XX. SUBSEQUENT ACCOUNTING PRONOUNCEMENTS

The Governmental Accounting Standards Board has passed several new accounting standards with upcoming implementation dates covering several topics as follows:

- GASB 84 *Fiduciary Activities*. Effective for fiscal years beginning after December 15, 2019
- GASB 87 *Leases*. Effective for fiscal years beginning after June 15, 2021.
- GASB 89 *Accounting for Interest Cost Incurred before the End of a Construction Period*. Effective for fiscal years beginning after December 15, 2020.
- GASB 90 *Majority equity interests*. Effective for fiscal years beginning after December 15, 2019.
- GASB 91 *Conduit Debt Obligations*. Effective for fiscal years beginning after December 15, 2021.
- GASB 92 *Omnibus 2020*. This Statement has multiple effective dates which vary by topic.
- GASB 93 *Replacement of Interbank Offered Rates*. Effective for fiscal years beginning after June 15, 2021.
- GASB 94 *Public-Private and Public-Public Partnerships and Availability Payments Arrangements*. Effective for fiscal years beginning after June 15, 2022.
- GASB 95 *Postponement of the Effective Dates of Certain Authoritative Guidance*. Effective immediately.
- GASB 96 *Subscription-Based Information Technology Arrangements*. Effective for fiscal years beginning after June 15, 2022.
- GASB 97 *Certain Component Unit Criteria, and Accounting and Financial Reporting for Internal Revenue Code Section 457 Deferred Compensation Plans*. Effective for fiscal years beginning after June 15, 2021.

GASB Statements) No. 84, 90, 94 and 97 are not expected to have any significant impact on the financial statements of the City.

CITY OF DILLINGHAM, ALASKA

Notes to Basic Financial Statements, Continued

GASB Statement No. 87, the objective of this Statement is to better meet the information needs of financial statement users by improving accounting and financial reporting for leases by governments. This Statement increases the usefulness of governments' financial statements by requiring recognition of certain lease assets and liabilities for leases that previously were classified as operating leases and recognized as inflows of resources or outflows of resources based on the payment provisions of the contract. It establishes a single model for lease accounting based on the foundational principle that leases are financings of the right to use an underlying asset. Under this Statement, a lessee is required to recognize a lease liability and an intangible right-to-use lease asset, and a lessor is required to recognize a lease receivable and a deferred inflow of resources, thereby enhancing the relevance and consistency of information about governments' leasing activities.

GASB Statement No. 89 requires interest costs incurred before the end of a construction period to be recognized as an expenditure or expense in the period in which the cost is incurred for financial statements prepared under the current financial resources measurement focus or the economic resource measurement focus.

GASB Statement No. 91 provides a single method of reporting conduit debt obligations by issuers and eliminate diversity in practice associated with (1) commitments extended by issuers, (2) arrangements associated with conduit debt obligations, and (3) related note disclosures. This Statement achieves those objectives by clarifying the existing definition of a conduit debt obligation; establishing that a conduit debt obligation is not a liability of the issuer; establishing standards for accounting and financial reporting of additional commitments and voluntary commitments extended by issuers and arrangements associated with conduit debt obligations; and improving required note disclosures

GASB Statement No. 92, the objectives of this Statement are to enhance comparability and financial reporting and to improve the consistency of authoritative literature by addressing practice issues that have been identified during implementation and application of certain GASB Statements.

GASB Statement No. 93, addresses the fact that some governments have entered into agreements in which variable payments made or received depend on an interbank offered rate (IBOR)—most notably, the London Interbank Offered Rate (LIBOR). As a result of global reference rate reform, LIBOR is expected to cease to exist in its current form at the end of 2021, prompting governments to amend or replace financial instruments for the purpose of replacing LIBOR with other reference rates, by either changing the reference rate or adding or changing fallback provisions related to the reference rate.

GASB Statement No. 95 provides temporary relief to governments in light of the COVID-19 pandemic. The effective dates of the following pronouncement are postponed by one year: GASB Statements No. 83, No. 84, No. 88, No. 89, No. 90, No. 91, No. 92, and No. 93. The effective date for GASB 87 has been postponed by 18 months.

GASB Statement No. 96 will improve financial reporting by establishing a definition for Subscription-based information technology arrangements (SBITAs) and providing uniform guidance for accounting and financial reporting for transactions that meet that definition. That definition and uniform guidance will result in greater consistency in practice. Establishing the capitalization criteria for implementation costs also will reduce diversity and improve comparability in financial reporting by governments. This Statement also will enhance the relevance and reliability of a government's financial statements by requiring a government to report a subscription asset and subscription liability for a SBITA and to disclose essential information about the arrangement. The disclosures will allow users to understand the scale and important aspects of a government's SBITA activities and evaluate a government's obligations and assets resulting from SBITAs.

CITY OF DILLINGHAM, ALASKA

Notes to Required Supplementary Information

June 30, 2020

1. Budgets and Budgetary Accounting

Annual budgets are adopted on a basis consistent with accounting principles generally accepted in the United States of America. All annual appropriations lapse at the fiscal year-end.

The City follows these procedures in establishing the budgetary data reflected in the financial statements:

1. Prior to June 1, the City Manager submits to the City Council a proposed operating budget for the fiscal year commencing the following July 1. The budget includes proposed expenditures and the means of financing them.
2. Public hearings are conducted to obtain taxpayer comments.
3. Prior to June 30, the budget is legally enacted through passage of an ordinance.
4. The City Manager is authorized to transfer budgeted amounts within a fund; however, any revisions that alter the total expenditures of any fund must be approved by the City Council.
5. Budgeted amounts are as originally adopted or as amended by the City Council through ordinances.
6. Budgetary control is at the department level for the General Fund and at the fund level for Special Revenue Funds.

2. Public Employees' Retirement System Pension and OPEB Plan

Schedule of City's Proportionate Share of Net Pension and OPEB Liability (Asset)

The table is presented based on the Plan measurement date which is one year prior to fiscal year end for all years presented.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the City will present only those years for which information is available.

Schedule of City Contributions

The table valuation date is June 30, 2019 which was rolled forward to June 30, 2020. Actuarially determined contribution rates are calculated as of June 30th, one years prior to the fiscal year in which contributions are reported.

CITY OF DILLINGHAM, ALASKA

Notes to Required Supplementary Information, continued

Methods and assumptions used to determine contribution rates:

Actuarial cost method:	Entry Age Normal – level percentage of payroll.
Amortization method:	Level dollar, closed.
Amortization period:	25 years, as a level of percentage of payroll
Asset valuation method:	The actuarial asset value was reinitialized to equal fair value of assets as of June 30, 2014. Beginning in FY2015, the assets value method recognizes 20% of the gain or loss each year, for a period of 5 years, all assets are valued at fair value.
Inflation:	2.5% per annum.
Salary increases:	Ranges from 7.75% to 2.75% based on service for Peace Officers/Firefighters. Ranges from 6.75% to 2.75% based on age and service for all others.
Investment rate of return:	7.38%, net of pension plan investment expenses. This is based on an average inflation rate of 2.5% and a real rate of return of 4.88%.
Retirement age:	Retirement rates based upon the 2013-2017 actual experience.
Mortality:	Mortality rates based upon the 2013-2017 actual experience.

GASB requires ten years of information be presented. However, until a full ten years of information is available, the City will present only those years for which information is available.

Non-Major Special Revenue Funds

A Special Revenue Fund is established to finance particular activities and is created from receipts of designated revenues that are restricted for expenditures for specified purposes. The City of Dillingham's Special Revenue Funds are as follows:

Water and Sewer – this fund accounts for the operations of the water and sewer system.

Landfill – this fund accounts for the operations of the City's landfill.

Dock and Boat Harbor - this fund accounts for the activities of the City's dock and small boat harbor.

Enhanced 911 Service – this fund accounts for activities of the 911 services.

Asset Forfeiture – this fund accounts for the use of funds from asset forfeitures.

Senior Citizen Center – this fund accounts for the various grants and activities of the Senior Citizen Center.

Library – this fund accounts for the various grants and operating activities of the Public Library.

Public Safety – this fund accounts for use of funds for public safety.

Local Support – this fund accounts for the use of local grants received for various community projects.

U.S. HHS CARES Grant – this fund accounts for the use of a federal grant received from the U.S. Department of Health and Human Services.

Coronavirus Relief – this fund accounts for the use of federal funds passed through from the State of Alaska's Department of Commerce, Community, and Economic Development.

Coronavirus Emergency Supplemental Funds – this fund accounts for federal funds passed through the State of Alaska.

Impaired Driving – this fund accounts for federal funds passed through the State of Alaska's Department of Transportation and Public Safety.

Non-Major Capital Project Funds

Capital Project Funds are used to account for the acquisition and construction of major capital facilities. These funds evolved from the need for special accounting for grants and contributions for the acquisition or construction of capital assets.

Capital Project Funds provide a formal mechanism which enables administrators to ensure that revenues dedicated to a certain capital related purpose are used only for that purpose and further enables them to report to granting agencies that their requirements regarding the use of the proceeds were satisfied. The City's Capital Project Funds are as follows:

Ambulance Reserve – this fund is used to accumulate funds to purchase a new ambulance.

Equipment Replacement – this fund is used to accumulate funds to purchase capital assets.

School Bonds – this fund accounts for use of bond generated funds for the various repairs and replacements at the School District facilities.

Fire Hall Bond – this fund accounts for the use of bond generated funds for renovation the Lake Road Fire Hall.

Dock and Harbor – these funds account for various projects involving the dock and harbor facilities.

Public Safety – this fund accounts for use of funds for public safety and related capital grant funds.

Wastewater System Improvement – this fund accounts for capital grants associated with wastewater system improvements.

Water Improvement – this fund accounts for the capital grants associated with water improvements.

SOA Loans – this fund is used for two projects funded by clean water loans which includes the cleanup for landfill and water and sewer.

Denali Commission – this fund accounts for the capital grant associated with the wastewater treatment lagoon erosion mitigation study project/water relocation study project.

CITY OF DILLINGHAM, ALASKA

Notes to the Schedule of Expenditures of Federal Awards

Year Ended June 30, 2020

1. Basis of Presentation

The accompanying schedule of expenditures of federal awards (the "Schedule") includes the federal award activity of City of Dillingham, Alaska under programs of the federal government for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of *Title 2 U.S. Code of Federal Regulations Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance)*. Because the Schedule presents only a selected portion of the operations of City of Dillingham, Alaska, it is not intended to and does not present the basic financial statements of City of Dillingham, Alaska.

2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the Schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years. City of Dillingham, Alaska has elected not to use the 10% de minimis indirect cost rate allowed under the Uniform guidance.

3. Pass Through Awards

No amounts were passed through to Subrecipients.

4. Component Unit

The City of Dillingham, Alaska's basic financial statements include \$2,476,268 of federal funds expended for the Dillingham City School District, a component unit of the City of Dillingham, Alaska. These monies are excluded from this Schedule. These monies were subjected to Uniform Guidance audit procedures and separate reports on compliance and internal control dated November 11, 2020 were issued for the Dillingham City School District.

5. Federal Loan Balances

The federal portion of the outstanding balances for the Alaska Clean Water and Drinking Water Revolving Loan Funds are as follows:

Loan # 283081	\$ <u>26,161</u>

CITY OF DILLINGHAM, ALASKA

Notes to Schedule of State Financial Assistance

Year Ended June 30, 2020

Note 1. Basis of Presentation

The accompanying schedule of state financial assistance (the "Schedule") includes the state award activity of City of Dillingham, Alaska under programs of the State of Alaska for the year ended June 30, 2020. The information in this Schedule is presented in accordance with the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Because the Schedule presents only a selected portion of the operations of City of Dillingham, Alaska, it is not intended to and does not present the basic financial statements of City of Dillingham, Alaska.

Note 2. Summary of Significant Accounting Policies

Expenditures reported on the Schedule are reported on the modified accrual basis of accounting, which is described in Note 1 to the City's basic financial statements.

Note 3. Subrecipients

No state funds were passed through to Subrecipients.

Note 4. Major Programs

* denotes a major program for compliance audit purposes.

Note 5. Component Unit

The City of Dillingham, Alaska basic financial statements include \$7,431,932 of State of Alaska funds expended for the Dillingham City School District, a component unit of the City of Dillingham, Alaska. These monies are excluded from this Schedule. These monies were subjected to State of Alaska single audit procedures and separate reports on compliance and internal control dated November 11, 2020 were issued for the Dillingham City School District.

Note 6. Reconciliation to Intergovernmental Revenues in the Statement of Revenues, Expenditures and Changes in Fund Balance

Total State expenditures per schedule \$2,351,175

Clean Water Revolving Loan Funds are classified as state revenue in the financial statements; however, are not required to be presented on this schedule in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. These loan proceeds are recorded in the SOA Loans Capital Project Funds \$381,474.

Total Intergovernmental Revenues in the Statement of Revenues, Expenditures and Changes in Fund Balance (Exhibit D-1) \$2,732,649

CITY OF DILLINGHAM, ALASKA

COMPLIANCE REPORTS

Report on Internal Control Over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance With Government Auditing Standards

Independent Auditor's Report

Honorable Mayor and City Council
City of Dillingham, Alaska
Dillingham, Alaska

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the governmental activities, the discretely presented component unit, each major fund, and the aggregate remaining fund information of the City of Dillingham, Alaska, as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the City of Dillingham, Alaska's basic financial statements, and have issued our report thereon dated June 3, 2021.

Internal Control over Financial Reporting

In planning and performing our audit of the financial statements, we considered the City of Dillingham, Alaska's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the City of Dillingham, Alaska's internal control. Accordingly, we do not express an opinion on the effectiveness of the City of Dillingham, Alaska's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that have not been identified. We did identify a certain deficiency in internal control, described in the accompanying federal schedule of findings and questioned costs as finding 2020-001 that we consider to be a material weakness.

Honorable Mayor and City Council
City of Dillingham, Alaska

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the City of Dillingham, Alaska's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

City of Dillingham, Alaska's Response to the Finding

City of Dillingham, Alaska's response to the finding identified in our audit is described in the accompanying federal schedule of findings and questioned costs and the corrective action plan. City of Dillingham, Alaska's response was not subjected to the auditing procedures applied in the audit of the financial statements and, accordingly, we express no opinion on it.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of City of Dillingham, Alaska's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering City of Dillingham, Alaska's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Anchorage, Alaska
June 3, 2021

Report on Compliance For Each Major Federal Program and Report on Internal Control Over Compliance as Required by the *Uniform Guidance*

Independent Auditor's Report

Honorable Mayor and City Council
City of Dillingham, Alaska
Dillingham, Alaska

Report on Compliance for Each Major Federal Program

We have audited the City of Dillingham, Alaska's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have direct and material effect on each of the City of Dillingham, Alaska's major federal programs for the year ended June 30, 2020. City of Dillingham, Alaska's major federal programs are identified in the summary of auditor's results section of the accompanying federal schedule of findings and questioned costs.

The City of Dillingham, Alaska's basic financial statements include operations of its component unit, Dillingham City School District, which received \$2,476,268 in federal awards, which is not included in the schedule of expenditures of federal awards during the year ended June 30, 2020. Our audit, described below, did not include the operations of Dillingham City School District because it was subjected to a separate audit in accordance with Uniform Guidance.

Management's Responsibility

Management is responsible for compliance with federal statutes, regulations, and the terms and conditions of its federal awards applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the City of Dillingham, Alaska's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the City of Dillingham, Alaska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for major federal programs. However, our audit does not provide a legal determination of the City of Dillingham, Alaska's compliance.

Opinion on Coronavirus Relief Fund

In our opinion, the City of Dillingham, Alaska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on its major federal program for the year ended June 30, 2020.

Report on Internal Control over Compliance

Management of the City of Dillingham, Alaska, is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the City of Dillingham, Alaska's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the City of Dillingham, Alaska's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

21.019	Coronavirus Relief Fund

Dollar threshold used to distinguish between Type A and Type B programs: \$ 750,000

Auditee qualified as low-risk auditee? Yes No

Federal Schedule of Findings and Question Costs, Continued

Section II – Financial Statement Findings

Finding 2020-001

Lack of Internal Control over Special Revenue Funds

Type of finding:

Material weakness

Condition:

During the audit a large number of the Special Revenue Funds required adjustment due to revenue and associated accounts receivable / unearned revenue accounts not being properly recorded as a result of lack of final year-end reconciliation procedures being performed by management.

Criteria:

Internal controls should be in place over Special Revenue Fund monitoring and reporting. Reconciliations should be performed and appropriate adjustments should be made to properly record revenues, receivables and unearned revenues.

Context:

During our audit work over Special Revenue Funds we noted that the City had not performed year-end closing procedures on a number of Special Revenue Funds, which resulted in revenues and/or receivables and unearned revenue not being properly recorded.

Cause:

Lack of internal controls over grant reconciliations.

Effect:

Lack of adequate internal controls over grant administration caused grant revenue, accounts receivable, and unearned revenue to be misstated in a number of Special Revenue Funds.

Recommendation:

Controls over grant administration should be in place to ensure that all costs charged into a grant are covered by a current grant award. Grant reconciliations should be prepared for all grants at least quarterly to ensure the proper amount of revenue is recognized and the amount recorded as accounts receivable or unearned revenue is correct.

Management's Response:

Management concurs with the finding. See Corrective Action Plan.

Section III – Federal Award Findings and Questioned Costs

The City did not have any findings related to Federal Awards.

Report on Compliance for Each Major State Program and Report on Internal Control Over Compliance as Required by the State of Alaska Audit Guide and Compliance Supplement for State Single Audits

Independent Auditor's Report

Honorable Mayor and City Council
City of Dillingham, Alaska
Dillingham, Alaska

Report on Compliance for Each Major State Program

We have audited City of Dillingham, Alaska's compliance with the types of compliance requirements described in the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* that could have a direct and material effect on each of City of Dillingham, Alaska's major state programs for the year ended June 30, 2020. City of Dillingham, Alaska's major state programs are identified in the accompanying schedule of state financial assistance.

The City of Dillingham, Alaska's basic financial statements include the operations of its component unit, Dillingham City School District, which received \$7,431,932 in state awards, which is not included in the schedule of state financial assistance during the year ended June 30, 2020. Our audit, described below, did not include the operations of Dillingham City School District because it was subjected to a separate audit in accordance with the Guide.

Management's Responsibility

Management is responsible for compliance with state statutes, regulations, and the terms and conditions of its state awards applicable to its state programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of City of Dillingham, Alaska's major state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and the audit requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Those standards and the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits* require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major state program occurred. An audit includes examining, on a test basis, evidence about City of Dillingham, Alaska's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

Honorable Mayor and City Council
City of Dillingham, Alaska

We believe that our audit provides a reasonable basis for our qualified opinion on compliance for each major state program. However our audit does not provide a legal determination of City of Dillingham, Alaska's compliance.

Basis for Qualified Opinion on Debt Service – School Bonds; Raw Fish Tax; PERS On-Behalf; Wastewater System Improvements

As described in the accompanying state schedule of findings and questioned costs, City of Dillingham, Alaska did not comply with reporting requirements regarding PERS On-Behalf; Debt Service – School Bonds; Raw Fish Tax; Wastewater System Improvements as described in finding number 2020-002. Compliance with such requirements is necessary, in our opinion, for City of Dillingham, Alaska to comply with the requirements applicable to that program.

Qualified Opinion on Debt Service – School Bonds; Raw Fish Tax; PERS On-Behalf; Wastewater System Improvements

In our opinion, except for the noncompliance described in the Basis for Qualified Opinion paragraph, City of Dillingham, Alaska complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on PERS On-Behalf; Debt Service – School Bonds; Raw Fish Tax; Wastewater System Improvements for the year ended June 30, 2020.

Other Matters

City of Dillingham, Alaska's response to the noncompliance finding identified in our audit are described in the accompanying State schedule of findings and questioned costs and the corrective action plan. City of Dillingham, Alaska's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

Report on Internal Control over Compliance

Management of City of Dillingham, Alaska is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered City of Dillingham, Alaska's internal control over compliance with the types of requirements that could have a direct and material effect on each major State program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major state program and to test and report on internal control over compliance in accordance with the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of City of Dillingham, Alaska's internal control over compliance.

Honorable Mayor and City Council
City of Dillingham, Alaska

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a state program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a state program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies therefore, material weaknesses or significant deficiencies may exist have not been identified. We did identify a certain deficiency in internal control over compliance as described in the accompanying state schedule of findings as questioned costs as item 2020-002 that we consider to be a material weakness.

City of Dillingham, Alaska's response to the internal control over noncompliance finding identified in our audit is described in the accompanying state schedule of findings and questioned costs and the corrective action plan. City of Dillingham, Alaska's response was not subjected to the auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the *State of Alaska Audit Guide and Compliance Supplement for State Single Audits*. Accordingly, this report is not suitable for any other purpose.

State Schedule of Findings and Questioned Costs, Continued

Section III – State Award Findings

<u>Finding 2020-002</u>	<u>Deadline for State Single Audit</u>
Type of finding:	Material weakness/material noncompliance
State Agency:	State of Alaska Department of Administration, Education and Early Development, Revenue, and Environmental Conservation
Grant Name:	PERS Relief, Debt Service – School Bonds, Raw Fish Tax, Wastewater System Improvements
Grant Numbers:	None, None, None and MMG # 28308
Award Year:	2020, 2020, 2020, 2018-2020
Criteria:	2 AAC 45.010(b) states an entity that expends a cumulative total of \$750,000 or more shall submit an audit report for the audit period by the earlier of 30 days after the entity receives its audit report for the audit period; or nine months after the end of the audit period, or a later date agreed upon in writing and advance of the date in this section.
Condition:	Due to staff turnover and COVID-19 impacts, the City was unable to have their annual audit completed within the required timeframe.
Questioned Costs:	None.
Context:	The City is not in compliance with 2 AAC and did not have the books adjusted until after the deadline.
Effect:	The City is not in compliance with 2 AAC 45.010(b)(1).
Cause:	The City did not have controls in place to identify the requirements of the state single audit threshold.
Repeat Finding:	This is not a repeat finding.
Recommendation:	The City needs to adjust the accounting records timely, and submit the reporting package within the guidelines as outlined in the State of Alaska single audit regulations.
Management’s Response:	Management concurs with the finding. See Corrective Action Plan.

Summary of Prior Audit Findings
