WHEREAS, the City of Dillingham wishes to contract with Orion Marine Corporation Inc., to repair the All Tide Dock; and

Summary Statement. We have been working with Dempsey Thieman the Sr. Engineer that had oversight of the original work at the dock. He has done the assessment of the damage, made recommendations for minimizing additional damage and recommending that we use Orion Marine Corporation for the repair. Orion is working on a project in Naknek and has another job in Togiak. They had a window of time that they could stop in Dillingham before going to Togiak. They have the equipment needed to drive the sheet piling and will be using our crane and another crane owned by Southwest Alaska Contractors, which is located at Bristol Alliance.

We had to act fast with them in order to secure the work. The sheet piling that we will need for the repair may come from the Bristol Bay Borough. We were unable to find any leftover sheet piling in Dillingham from the dock construction.
