Summary Statement:

The Legislative Request combines two projects for the purpose of this funding request: the Wastewater Treatment Plant and Lift Station Upgrades. The two projects have been combined in the Scope of Work for the ADEC Municipal Matching Grant, 28306.

The Wastewater Treatment Plant project has required the upgrade of two lift stations in addition to the plant itself. The remaining lift stations all require upgrades to bring them into compliance with current codes, as well as make them more energy efficient. The addition of the rest of the lift stations and the outfall to the project will complete the necessary upgrades for a code-compliant, safe wastewater system.
